# Universal Kiosk 2

## The Next Generation in Payment Processing Kiosks

The all new Universal Kiosk 2 (UK-2) builds on the unprecedented success of the original. While retaining all the flexibility and functionality of the original Universal Kiosk, the UK-2 has a myriad of updates to appeal to different markets and different solutions. From a 21.5" touch screen to new edge lighting, the UK-2 was designed to attract customers and provide them with an improved transaction experience.

Standard peripherals include an EMV card reader, PCI approved Encrypted Pin Pad, and 3" receipt printer, the UK-2 has several new features to enhance security, marketing and appearance. The new vault on the UK-2 has been UL Certified to provide a solid base for cash acceptance, dispensing and recycling. To enhance visual impact the UK-2 includes an integrated topper with replaceable insert to advertise your solution without the need for additional signage. The new edge lighting feature can be programmed to any of 256 colors, helping the UK-2 attract customers from all points in a location.

From crypto currency, check cashing, wire transfer, bill pay, order entry, to anything you can imagine, the UK-2 provides you with the tools to successfully realize and implement your transaction solution. Easily interchangeable modules and components allow for countless configurations to be tailored to your specific solution. With the Universal Kiosk 2, let Genmega turn your ideas into solutions.

# Universal Kiosk 2

## Topper
High Visibility LED Sign (Size : 15.3" x 4.1")
Attract Customers

## LCD Screen
High-Res 21.5" touch screen LCD panel
1920 x 1080 full-HD resolution

## Barcode Scanner
Honeywell 3330G, Available Scan of All
1D, 2D, PDF

## PIN Entry Device
16-key Alphanumeric keypad
PCI V3.X Certified
Triple-DES (TDES)  compliant EPP

## Bill Acceptor
SCN series (up to 2,200 notes)
JCM series (up to 3,000 notes)

## UPS
APC350, Input 120V 50~60Hz ± 3Hz,
210W/350VA

## FP scanner (Optional)
U.are.U4500, USB Interface

## HD Cam (Optional)
Genmega Full HD Camera

## CPU
Intel® Pentium® Processor i5-7500
(Quad-Core)
Windows 10 IOT Vaule
250G bytes Solid State Disk
4G bytes Memory (4GB Memory)

## Printer
80mm Thermal Receipt Printer
Automatic Paper Loading and Cutting
40 Characters per line
200 DPI monographic printing

## ADA
Voice Guidance
Lighted Transaction Guidance
Accessible Keypad Layout

## Card Reader
Motor driven card reader
Dual side card scan
(image size : 1024 x 600(color/gray))
Feed speed : 450mm/sec ± 10%
EMV (Dip type)

## Cash Dispenser
Up to 4 x 2000 Note Removable
Cassette

## Security
Electronic Lock
A-series Lock (Optional)
Cencon Lock (Optional)
